Subject: 2009-10 Year-End Training-Session II	Date Issued: 03/26/10
References: CALSTARS Procedures Manual Volume 7	Expires: 06/30/10

PURPOSE:

To provide departments the 2009-10 year-end training schedule for Session II-Year-End Statement Preparation.

NOTE: The class schedule for Session I-Year-End Planning and Preparation was issued in COM 10-02 on March 10, 2010.

BACKGROUND:

Each year, the Department of Finance (CALSTARS) provides year-end training for accounting personnel who are responsible for planning the year-end process and preparing or reviewing the year-end financial reports. This training is designed to discuss any changes to the State Controller's year-end requirements; review CALSTARS year-end closing instructions; and increase awareness of the timing, duration and sequence of steps necessary to meet the filing deadlines.

Year-end training is presented in two sessions:

- **Session I** covers the planning for year-end activities during April, May and June. It also includes an overview of the standard and automated year-end statement processes.
- **Session II** reviews the adjusting entries and covers year-end statement preparation for automated and manual financial reports, year-end closing processes and new year activities. Session II is available in one-day, two-day and three-day classes.

This COM specifically addresses Session II–Year-End Statement Preparation. Session II is designed for staff who prepare or review year-end financial statements. These sessions are not designed for individuals who are only responsible for recording accruals. Staff should carefully evaluate their level of experience and their anticipated participation in the year-end reporting process in order to select the section that will most closely meet their training needs. Refer to the class descriptions for details about the classes.

REGISTRATION:

All participants in CALSTARS Session II must register in advance by submitting a current CALSTARS Training Registration (CALSTARS 102) form. A copy of the CALSTARS 102 form (revision date August 2009) is attached for your convenience. The form is also available on the Internet at: www.dof.ca.gov/html/calstars/forms.htm. The form may be submitted electronically, mailed or faxed. All sections of the CALSTARS 102 form, including the participant's and training officer's or supervisor's e-mail address, must be complete and legible. Incomplete or illegible registration forms may be returned to the participant for further clarification. The deadline to submit registration is 15 days before the first day of class.

NOTE: Please include your e-mail address and the number of years experience you have preparing year-end reports.

The CALSTARS Training Registrar enrolls each participant in their first available choice, and notifies the participant via e-mail. If all chosen classes are full, the Training Registrar places the participant on a waiting list and notifies the participant via e-mail of their placement on the waiting list. Participants on the waiting list may be contacted if there is a cancellation in one of the scheduled classes, or if additional classes are scheduled.

A "welcome" letter is sent via e-mail to the participant at least 10 days before the first day of class with details about the location, times and required class materials. Participants who have been notified of enrollment, but do not receive a "welcome" letter 7 days prior to the scheduled class, should contact the Training Registrar.

Substitutions:

A department may send a substitute if the registered participant is unable to attend. Substitute attendees must submit a completed CALSTARS 102 form and must meet all applicable class prerequisites. Whenever possible, notify CALSTARS of any substitutions before the first day of class. The registered participant should give the "welcome" letter and/or any required training materials to the substitute prior to class.

Cancellations/No-Shows:

The CALSTARS Training Registrar should be notified immediately if a registered participant must cancel a class. A notice of cancellation will be accepted without penalty if received more than 5 calendar days prior to the first day of class.

Late cancellations (received 5 calendar days or less before the first day of class) or no-shows for reasons other than illness or emergencies will be charged \$100 per each day of class missed per participant. Penalty charges will be invoiced and sent to the department's accounting office.

Tuition:

There is no direct cost to departments for attending year-end classes. Training costs (staff costs, operating expenses and indirect costs) are financed through CALSTARS. Departments are responsible for any travel and per diem expenses associated with training.

Disabled Participants:

Departments are responsible for providing and paying any costs for reasonable accommodation for their employees with disabilities. Notify CALSTARS in advance on the CALSTARS 102 form of any disabilities that may affect the registrant's participation in the class.

ACTION REQUIRED BY ALL DEPARTMENTS:

1. Review the attached class descriptions and dates offered. Decide who needs training and which classes are appropriate. Limit participants to those with direct responsibilities for preparing or reviewing the year-end financial reports.
2. Complete and submit an approved CALSTARS 102 form (revision date August 2009) to CALSTARS for Session II. Although there is no tuition cost, only registered participants will be admitted to the training classes. Participants will be registered on a first-come-first-served basis.

For questions or assistance with registration, please contact the CALSTARS Training Registrar: Cindy Chastain at (916) 445-0211, extension 2812, e-mail cindy.chastain@dof.ca.gov.

2009-10 Year-End Training

Session II–Year-End Statement Preparation

WHAT/WHO: Session II provides instruction on preparing year-end financial statements. It is available in one-day, two-day and three-day classes. Session II is designed only for staff who prepare or review the year-end financial reports. It is **not** designed for staff who are only responsible for recording accruals.

- The **one-day class** covers the automated statement process, reviews the requirements for participation and the steps involved in preparing and submitting automated year-end financial reports. It includes a detailed review of the DB3 report and an exercise. The class reviews the standard year-end processes such as year-end adjusting entries, FM 13 processing, non-governmental fund reports, and YEC/YEO. **This class is designed for staff of ongoing automated year-end participants*.**

** Ongoing automated participants are departments that participated in the auto year-end process last fiscal year and successfully transmitted at least one governmental cost fund or received a "No Data to Transmit" message on the F.2 Screen. Ongoing automated participants are not required to submit Reports 1, 2, 3, 5 or 15; therefore, these reports are not discussed in the one day classes.*

- The **two-day class** reviews the steps involved in preparing year-end financial reports from FM 13 activities through year-end closing and new year activities. This class includes exercises to complete a practice set of manual year-end financial reports. Some of the year-end statement exercises will be completed using pre-formatted Excel spreadsheets, so students registering for the class must be familiar with Excel. It also includes a review of the requirements for participation and the steps involved in preparing and submitting automated year-end financial reports, including a review of the CALSTARS DB3 report and an exercise demonstrating the use of automated year-end TCs. **This class is recommended for staff with 3 or more years of experience preparing and/or reviewing year-end financial reports.**
- The **three-day class** covers the same material as the two-day class, but more time is allowed to explain each step in the year-end closing process and to complete the exercises included in the practice set. Some of the year-end statement exercises will be completed using pre-formatted Excel spreadsheets, so students registering for classes must be comfortable using Excel. It also includes a review of the requirements for participation and the steps involved in preparing and submitting automated year-end financial reports, including a review of the CALSTARS DB3 report and an exercise demonstrating the use of automated year-end TCs. **This class is recommended for staff with less than 3 years of experience preparing year-end financial reports.**

2009-10 Year-End Training Session II–Year-End Statement Preparation (continued)

METHODOLOGY: This class reviews year-end financial statement preparation, using CALSTARS Procedures Manual, Volume 7, Chapters 2–6. The 2 and 3 day classes include exercises to complete adjusting entries and a practice set of manual year-end financial reports. Some of the year-end report exercises will be completed using pre-formatted Excel spreadsheets (except at out-of-town locations). Registrants for Sacramento classes should be comfortable using Excel.
